VSI AWARDED CONSTRUCTION OF COMFORTS OF HOME FACILITIES

Minneapolis, MN, March 13, 2007 –VSI Construction announced that they have been awarded the contracts to construct senior assisted living facilities in Champlin and Columbia Heights, Minnesota for Comforts of Home Senior Living.

Members of the senior leadership at VSI Construction are also acting as co-developers of the sites. “This is an outstanding project for our firm to have the privilege of building. We look forward to sustaining a long-term relationship with Comforts of Home CEO Brian Wings,” said VSI Vice President of Finance, Gregg Prest. “Brian is a fine corporate citizen who currently operates five locations,” Prest concluded.

Comforts of Home Senior Living offers assisted living and senior apartments with personal assistance, meals and social services. For more information visit www.cohseniorliving.com.

VSI Construction, Inc., is a full-service general contractor providing services through negotiated contract, design/build and construction management project delivery systems nationwide. VSI Facility Solutions, a wholly owned division of VSI Construction, provides modular furniture, FF&E and installation services to clients nationwide. For more information, contact Gregg Prest at 763-493-3000 or by email at GPrest@vsiconstruction.com.
